

Merged Lead List – Post-Construction Cleaning | Southaven MS + 40 miles | 111 companies (duplicates removed)

Merged from your printed 75-name list and my web research. Src: **2** = phone confirmed in both; **W** = web only; **Y** = your printed list only (not independently confirmed); **1** = both had the company but numbers differ – call to check. Names/titles come from company sites, LinkedIn and directory listings and may be out of date. Direct cell numbers and personal emails are not included because they aren't reliably public. Where no name is shown, ask for the superintendent on the newest active job, then the project manager.

TIER 1 – CALL FIRST: commercial/industrial GCs, multifamily builders and production builders. Superintendents and PMs can hire a cleaner and the work repeats every project.
